

Dr. Stefano Cattaneo

Born in Lecco on June 24, 1979.

Graduate in medicine and surgery at the University Vita-Salute San Raffaele in Milan in 2004.

Ready for operation of the medical profession and enrolled in the register of doctors in the province of Lecco since 2005. Specialist in orthopaedics and Traumatology with top marks cum laude at the University of Milan in 2009.

As of January 2010 is Medical Director at the complex structure of Orthopaedics and Traumatology at the hospital Eugenio Morelli of Sondalo (SO). In Sondalo He conducts surgical clinic in orthopedics and Traumatology of urgency, with particular interest in Arthroscopic and open-cast mining of the upper limb (shoulder and elbow).

Specifically he deals with glenohumeral instability and dislocation of shoulder pathologies of the rotator cuff (cuff rupture, tendinopathy, calcifications), prosthetic replacement of shoulder and subacromial impingement spacer system. He also deals with elbow Arthroscopy in the treatment of epicondylitis and for removal of floaters and excision of osteophytes.

In 2013 he attended in his capacity as a Visiting Fellow at the shoulder surgery unit of the Centre Orthopédique Saad of Lyon, under the supervision of dr. Gilles Walch. In 2009 he has worked for three months at the Trauma Department of the Medizinische Hochschule Hannover, directed by Prof. C. Krettek.

In recent years he has visited for short periods many other orthopaedic centres with high specialization in surgery of the shoulder and elbow, in Italy and abroad.

He has participated in numerous courses and national and international conferences as a speaker and lecturer.
